Napier on terraces → 3 respondents 33.3%

**Q44** What other practice would you like to learn about?

Agroforestry → 5 respondents 56%

Minimal tillage → 2 respondents 22%

Mulching → 2 respondents 22%
Q1: Do you do compost manure?

Yes  55%  58 respondents
No   45%  45 respondents

Q2: How did you learn to do compost manure?

66.2% Family and neighbor
3.4% CIAT SARI demonstration or training
3.4% Other
7% Church and school

Q3: Did you explain to other farmers how to do compost manure?

Yes  36%  21 respondents
No   64%  37 respondents

Q4: To how many farmers did you explain how to do compost manure?

85% Less than 10
14% 10 respondents
5% More than 10

Q5: Which of the following practices do you find most useful for your farm?

84% Application of compost manure to the field
16% Planting of Napier grass on terraces

Q6: Did you attend the February 2015 CIAT SARI demonstration training?

Yes  57%  17 respondents
No   43%  33 respondents

Q7: Have you received training on compost manure since November last year?

Yes  45%  5 respondents
No   55%  6 respondents

Q8: Would you like to learn more about how to do compost manure?

Yes  9%  1 respondents
No   91%  10 respondents

Q9: Did you attend the February 2015 CIAT SARI demonstration training?

Yes  9%  1 respondents
No   91%  10 respondents

2nd Group
105 respondents
B  72%  28%

*If the percentages do not add up to 100%, it is because the respondents did not answer the question.
**Q1** Have you received more information about compost manure since November last year?

- **Yes** 31% 30 respondents
- **No** 68% 66 respondents

**Q2** Have you received training on compost manure since November last year?

- 83% No 25 respondents
- 7% Yes, from CIAT SARI technicians
- 10% Yes, from other farmers

**Q3** Are you able to do compost manure?

- Yes 67% 20 respondents
- No 33% 10 respondents

**Q4** What would prevent you from doing compost manure?

- 85% I don't know 17 respondents
- 15% Unavailability of material

**Q5** Did you attend the February 2015 CIAT SARI demonstration training?

- 60% Application of compost manure to the field 12 respondents
- 5% Bio-insecticide (without chemicals)
- 35% Planting of Napier strips on terraces

**Q2** Did you attend the February 2015 CIAT SARI demonstration training?

- **No** 100% 66 respondents

**Q3** What would prevent you from doing compost manure?

- 53% Application of compost manure to the field 35 respondents
- 26% Bio-insecticide (without chemicals)

**Q4** Would you like to learn more about how to do compost manure?

- Yes, demonstration training 9 respondents
- Yes, text message 10% 10 respondents

**Q4** Would you like to learn more about how to do compost manure?

- Yes, demonstration training 90% 65 respondents
- Yes, text message 10% 10 respondents

**Q5** Did you attend the February 2015 CIAT SARI demonstration training?

- **No** 90% 66 respondents
- **Yes** 10%

**Q5** What other practice would you like to learn about?

- 48% Minimal tillage 32 respondents
- 24% Mulching
- 24% Agroforestry

*If the percentages do not add up to 100%, it is because the respondents did not answer the question.*
Have you heard about manure compost?

- Yes: 30% (73 respondents)
- No: 29% (66 respondents)

Do you do manure compost?

- Yes: 52% (38 respondents)
- No: 47% (33 respondents)

When did you start doing compost manure?

- Yes: 66.6% (18 respondents)
- No: 33.4% (9 respondents)

How did you learn about compost manure?

- Yes: 50% (7 respondents)
- No: 43% (6 respondents)

Do you think manure composting is a beneficial practice for your farm?

- Yes: 78.6% (11 respondents)
- No: 21.4% (3 respondents)

Description profiles

A: "They know about it and do it"
B: "They do not do it, they have received information on it, but are not able to do it"
C: "They do not receive information, but would like to receive it"
D: "They have not heard about it, but they would like to receive information"
E: "They have not heard about it and are not interested in receiving information"
