COMMUNICATIONS ASSOCIATE

The Organization

The Alliance of Bioversity International and the International Center for Tropical Agriculture (CIAT) delivers research-based solutions that harness agricultural biodiversity and sustainably transform food systems to improve people’s lives. Alliance solutions address the global crises of malnutrition, climate change, biodiversity loss, and environmental degradation.

With novel partnerships, the Alliance generates evidence and mainstreams innovations to transform food systems and landscapes so that they sustain the planet, drive prosperity, and nourish people in a climate crisis.

The Alliance is part of CGIAR, a global research partnership for a food-secure future.

About the position

The Alliance, on behalf of HarvestPlus (www.harvestplus.org), is seeking to recruit a Communications Associate for an anticipated World Bank Multisectoral Child Nutrition and Health Project (PMNS) in DR Congo. The recruitment of this position is contingent on the award of the project.

HarvestPlus will be providing technical assistance services to the government of the Democratic Republic of Congo (DRC), funded by the government using the proceeds of a loan from the World Bank to the Ministry of Health. This work will range from building capacity and integrating biofortification into government agricultural breeding programs, through development of quality seed markets and dissemination to farmers, through creating demand for biofortified crops through food processors and markets, through developing materials on the nutritional benefits of biofortified crops and training community nutrition promoters.

The Communications Associate will be part of the HarvestPlus team responsible for implementing the HarvestPlus communications strategy. He/she will have overall objective of promoting the widespread and sustained adoption and utilization of biofortified crops (vitamin A maize, iron beans and vitamin A sweet potatoes), as well as generating demand in the market under the World Bank funded Multi-sectoral Child Nutrition and Health Project (PMNS project). He/she will package and communicate information about the program and its activities to different key stakeholders.
